AGRIGRID

Methodological grids for payment calculation
in rural development measures in the EU

WP4
Measure specific grid development
Natura 2000 on forestry land (224)

GRID development – background data

CZ	DE	ES	FI	GR	IT	LT	PL	SCO
✓	✓	-	-	✓	- (✓)	✓	-	-

DE – North Rhine-Westphalia, ES – Navarra region, IT – Umbria region

- New measure in all partner countries

- Implemented horizontally

- Limitation in support: DE (deciduous trees), CZ (fir, broadleaved trees and coppices)

- IT: proposed but not implemented

- ES: forest-environmental payments

- PL, FI: national funds

Level of the payment

Specific commitments similarities across countries

Commitment	CZ	DE	GR	LT
following management plan	✓	-	✓	-
keep tree species composition	✓	✓	-	-
prohibition of clear cutting	-	✓	-	✓
exclusion from felling	-	-	✓	✓
maintenance of old/dead trees	-	✓	✓	✓
other country-specific				

Cost / Income compoments 1/2

FADN list	Production Process list
Income foregone	
	Forestry output
K175 Sales of standing timber	- Value of uncut coppice wood
	- Value of uncut dry trees
	- Value of uncut mature forest stands
K174 Sales of felled timber	- Output of mature forest stands
Aggregated entry	
	Forestry income
	- Forestry income (overall)
	- Average felling increment (income/year)
	Interest income

Cost/Income components - additional costs

FADN list	Production Process List
	Inputs-related costs
SE310 Feed for grazing livestock	- Purchase of fodder for animals
	Management-related costs
SE340 Machinery costs	- Wood harvesting and logging
SE370 Wages paid	- Removal of undesired generations in forests
SE331 Forestry specific costs	- Maintenance of biotopes
	- Maintenance of old and deadwood trees
	- Maintenance of deciduous forests
	Administrative costs
SE350 Contract work	- Topographic location of trees
	Other costs
SE375 Rent paid	- Rents of pastures

Payment differentiation

- 2 differentiation criteria in 3 countries (GR, DE, LT)

  - Woodland and trees

    - Type of woodland (conifer, broadleaves)
    - Species (Aleppo pine, Turkish pine, Stone pine, cypress, other conifers)
    - Woodland function (Productive (resin))

  - Planning and management (DE, LT)

    - Specific management
      - Respect of particular restriction
        » prohibition of clear cutting
        » exclusion from felling or postponing
        » maintenance of old / dead trees

Examples of payment calculation

- Czech example

- Lithuanian example
