

Farming for a Better Climate

Open Meetings for Advisors/Consultants and Farmers/Landowners

Come along to discuss the importance of climate change to farming in Scotland. Explore the steps that Scottish agriculture can take to reduce greenhouse gas emissions - at the same time reducing costs and developing business opportunities.

NRoSO and BASIS points have been applied for.

Advisors and Consultants meetings:

- **Tuesday 13 October - Lanark**
- **Wednesday 14 October - St Boswells**
